of fashion and now it is time for soft skin
bitches to rise above global fagism.
Don't turn on instagram notifications,
soylent green from our wasted time
Sexy bodies that think they're "artists".
Plead to mother Nature for copyrights
even if your holes are "fair use"
Feed the void of sculptured bodies,
while sculptures are actually filled
with something. Better visit musem.
Watch all tarot card of the day videos,
live 24 hours like a whole tarot deck.
Wanna live healthy, ask your liver for tips.
World in where having opinion is defined
as hate. Innocence ends where sexuality
begins. Your limited edition sneakers
will still bonefuck your spine. Footwear
made by child labour, so you can pose
naked with it before an orgy. Life is chaos

Oh 2016 so Bad?

Were you living in a bubble until now?

News portals have you mind controlled

Information became noise, your mind became numb

Things happen outside your clicking habits.

It's better to not care, than saying stupidities.

Such a bad year and I'm not a Refugee.

Let's make our will to be truly informed great again in 2017

100 popular people died, what about million others?

dont forget last 10 years

Ask any ongoing war which year was a good one?

Hey climate change, are you ok?

It's always a bad year in poverty.

Mom,

where are you?

In a far far land away

You called me for cute curses?

NO TEMPLES FOR THE FORGOTTEN

I ask myself
everyday
how we all
are so calm
about the
nothingness
beyond
the border
of space

How does this justify
our existence?

This could
really all
be a simulation.
